Felony Charges Placed Against Bookie Suspects

Three felony book-making complaints and two charging misdemeanor slot-machine violations were filed here by Undersheriff Lawrence Nieri and two deputies against four persons whose arrests followed simultaneous raids Friday night on three alleged "bookie" resorts in the southern end of San Mateo county.

Deputy Sheriff Thomas F. Maloney filed a book-making and slot machine complaint in Judge Edward I. McAuliffe's court here against Dent Fairless, 36, who is now out on $350 bail. He was arrested in the raid on Bert's Place, on El Camino Real south of Redwood City.

Deputy Leland Quinlan filed with Judge McAuliffe a similar book-making complaint, charging violation of section 337 A, on three counts of book-making, receiving bets and betting, against A. Olson, 42, arrested in the raid on Menalto Inn, on Willow road, North Palo Alto, opposite the Veterans' Facility.

Nieri filed with Justice Hugh Mullin in San Mateo a book-making complaint on the felony charge of section 337 A of the penal code against George Unselt, 47, seized in the raid on the Belmont Casino, just outside of Belmont and on the Old County road. He also filed a slot-machine complaint against Anna Costa, owner of the Casino. It was reported earlier that this complaint was to be issued against John Costa, her husband. Olson and Unselt are at liberty under $200 bail apiece.

The quartet will come before the respective judges for arraignment later this week.

Mantz' Airplane Afire, Aviator Escapes Injury

Paul Mantz, former Redwood City flier, had added another narrow escape today to his list of aerial adventures.

His latest brush with death occurred at the St. Louis airport, where his plane caught fire as he was engaged in an acrobatics exhibition.

When the flames sprang up around his feet, Mantz nosed his plane downward and the fire was blown out, the Associated Press reported.

Spectators seeing the puff of smoke come from the under side of Mantz' biplane did not believe that the flier was in peril, thinking the smoke came from sky-writing apparatus with which the biplane was equipped.

COUNTY SETS SPEEDY PACE

Surpassing all previous May totals since 1926, new construction in Redwood City continued to soar during the past month with $91,400 worth of permits issued by Building Inspector I. C. Drathman. Twenty new homes were started.

Likewise business boomed during May in County Inspector William Watson's office, where $228,750 worth of new construction was approved in unincorporated territory throughout the county. Most of this too, Watson reported, went for homes. The total was higher than April's $220,515.

Although April, 1937, was the best April in the city's history, with $139,635 in new building, May fell behind the 1926 record of $107,320.

$37,000 HOME

But total permits had climbed to $433,912 for the year. Only $175,106 worth had been issued at this time in 1936.

Of the 27 city permits in May, only one exceeded $10,000, for a store building, while the remainder went to new residences and additions and improvements on old.

Likewise, Inspector Watson's totals were made up of small sums, with exception of a $37,000 home in Woodside, the largest single item of the year, he reported.

The building outlook for June continues favorable, although the annual falling off is expected for the summer season. However, the May totals held to a higher comparative level than in many years past.

BOY INCURS BROKEN ARM

Donald Walton, 7, San Carlos School second grade student and son of Mr. and Mrs. Chester Walton, Brittany avenue, San Carlos, suffered a broken arm Tuesday when he fell off a slide on which he was playing. The boy was given emergency treatment by Dr. Harry Mason and then taken to Community Hospital.

Awards Given For Shorthand

Two Sequoia high school students have been awarded gold pins for the "beauty, fluency and accuracy" of their shorthand, written at the rate of 100 words per minute, and five students, all girls, have received "O.G.A. sustained dictation certificates" for writing shorthand at the rate of 100 words per minute for a period of five minutes.

Receiving both awards were Gum Chuck and Edgarda Scilini. The other three girls winning the certificates were Alene Jeffers, Mary Phyllis Seufert and Rose Lemberry. All five are members of Joseph DeBrum's advance shorthand class.

Winning certificates for 80 words per minute were Frances Mackin, Alma Decia, Helen Folsom, Lorraine Rossetti and Hazelle Seaberg.

15 NOVICES HONORED

In the beginning shorthand classes, 15 students won awards for writing 60 words per minute—Catherine Baggenstos, Jack Duttweiler, Bette Evans, Estelle Hogevoll, Donald Miller, Dorothy Nelson, Marjorie Canvin, Margaret Dompe, Delores Feeley, Hazel Fletcher, Betty Martin, Minnie Henderson, Virginia Manning and Dorothy Jean Smith.

In the second semester typing class, Wilma Odgers holds the record, with 59 words per minute, while Herbert Frahm and Mary Phyllis Seufert, each typing 58 words a minute, are tied for second place, and William Downs and Haruye Hori follow, with 56 words per minute.

MAKE PERFECT SCORES

Making perfect scores were Jack Farrell, 27; Ed McSweeney, 28; Helen Watkins and Margaret Dompe, 37; Haruye Hori, 50, and Herbert Frahm, 48.

In the first year typing class, the highest scores are Jack Leahy, 41; John Dusel, 47; Betty Boles, 45; and Dorothy Knight, 44.

Junior and senior students of the Sequoia commercial classes recently participated in a co-operative test conducted under auspices of the commercial department at Stanford University, answering questions regarding their plans after graduation. The test was an experiment to determine how many students would be interested in commercial work after graduation and how many would be interested in taking a new course that would permit them to work in down-town offices as a regular part of daily work.

Inter-County Highway Meeting Set June 12

To expedite the completion of the coast highway from San Francisco to Santa Cruz, Western San Mateo county civic clubs and associations are to meet June 12 at Santa Cruz with similar organizations from Santa Cruz county for discussion of means to secure further state and federal aid for the highway.

George W. Dunn, chairman of the joint project committee of Western San Mateo and Santa Cruz counties, in announcing today the date for the noon luncheon, said the plan is for the highway to be opened in conjunction with opening of the 1939 world exposition in San Francisco. Dunn said that persons desiring transportation to the luncheon should get in touch with him at Half Moon Bay.

Organization of coast-to-coast air service in Canada is proposed in a bill introduced in the house of commons.

MENLO PARK NEWS NOTES

Barney Guglieomoni spent the week-end here with friends. He has for some time been in the employ of the Bank of America of Elk, Nevada. After leaving Sequoia high school he was employed by the First National Bank of Redwood City and there received his training as a banker. Mr. Guglieomonie on the first of the month will be transferred to San Francisco to fill an important position at the main bank there.

May 23 a daughter was born to Mr. and Mrs. Raymond Law, formerly Miss Marcella O'Keefe, at Phoenix, Arizona. The little girl has been named Patricia. Mr. Law is with the Associated Press. The young couple are both graduates of Stanford. They will be here in July to spend their vacation.

The George Angus home on Oak Grove avenue has been leased to a family from Nebraska. There were 10 applications for the house before it was rented. Mr. and Mrs. Angus left on Tuesday for a tour of Europe.

Mr. and Mrs. M. L. Crimmins of Atherton will depart shortly for New York to pass the summer. Mr. Crimmins is a member of the Menlo Park sanitary board.

Plans are completed for the big rummage sale for the benefit of St. Joseph's School in the bank building tomorrow. A vast variety of articles have been donated. A group of pretty girls, members of the St. Joseph's Alumni, will be in charge of the sales. Many bargains are to be offered, so come early and secure the choice of the big display. The committee in charge has worked diligently to make the affair a success and from all reports the rummage sale will be a record one.

The Wolf home on Mills avenue has been sold to a Redwood City resident. The sale was made by the Leonard Realty Co.

Memorial services took place at the fire house Sunday afternoon to honor the memory of the departed firemen of the department. Relatives present eulogized their kin for devotion and loyalty to their duties as firemen.

Mrs. J. Reynolds, Stockton, is here on a visit to Mrs. J. Cooper, wife of Mayor Cooper.

Mr. and Mrs. J. B. Kelly celebrated their golden wedding at their home on Glenwood avenue Tuesday. Only the immediate family were present owing to the illness of Mrs. Kelly. A formal reception will be observed later. The couple was married in San Francisco 50 years ago.

A Japanese laundry will open in a few days in the Kearney building on Oak Grove avenue. There are now in town a Chinese, French and Japanese laundry. By a peculiar coincidence the first white laundry was established in the same site in the eighties. There was a working man's agitation at that time. The "Chinese Must Go" was the slogan. An association was organized that started a white laundry. The late P. Lenehan was placed in charge and for a number of years business prospered, but finally succumbed to the keen competition of the Chinese competitors.

The auxiliaries to the Palo Alto, Menlo Park and Redwood City Veterans Organizations gave Miss Mamie Robinson a tea at the estate of Mrs. Carroll A. Devol Wednesday afternoon. Miss Robinson, who has been in charge of recreation work at the Veterans Facility, leaves this week for a government hospital in the East, where she will do similar work.

Menlo Park American Legion Post No. 443 and the Auxiliary to the Post held impressive ceremonies in the local cemetary under the direction of Past Commander Philip Blanchard. The Rev. Father McKeon opened the service and blessed the wreaths which were placed on the graves. Commander George Condos read the eulogy and acting Chaplain Floyd Beach read the prayer. President Dora Scott Deuol and acting Chaplain Isabelle Weeden Lindquist were assisted by Emma Roberta Lindquist, sergt-at-arms for the juniors of the auxiliary. They had special services for Adelaide Blanchard.

The local troop of Boy Scouts under the direction of Scoutmasters Beach and Oram assisted in the ceremonies and carried the colors for the auxiliary. Following the service in Holy Cross Cemetery the scouts held a Memorial service for Assistant Scoutmaster A. Blacklund in Alta Mesa. Wreaths were placed by the scouts and the American Legion, who sponsor the local troop.

Mrs. Andrew McDonald and her son, George, were Menlo Park visitors on Memorial Day. They are former residents and renewed many old acquaintances.

$500 Award Settles Four-Year-Old Suit

For a broken arm that she suffered three years ago Mrs. Gertrude R. Wilmoth, former Belmont greyhound trainer who now lives in San Francisco, was awarded $500 by attorneys' agreement here late Tuesday. She had asked $25,000.

Her suit was one of three filed against Carlos Pearce of Redwood City as the result of a fatal accident March 4, 1933, on the Old County road, near Belmont. The claims of Curtis Mills of Belmont and Leo Hagel of San Francisco for $10,000 and $25,000, respectively, were denied here by Superior udge Franklin Swart. So was Mrs. Wilmoth's first claim, but Judge Swart granted her a new trial.

The trial of Hagel's claim brought forth the unusual disclosure that he was suing for an injury suffered 17 years ago, and one on which he had previously assertedly collected insurance, according to Bronson, Bronson & Slaven, Pearce's counsel. Judge Swart threw Hagel's plea out of court.

7 Speeders Fined By Judge McAuliffe

Seven speeders, 15 over-parkers and two drivers who disregarded stop signals paid the monetary penalties for their offenses in Judge Edward I. McAuliffe's most recent traffic court hearings, his records disclosed today.

Speeders fined were Charles Vanucci, Thomas Jensen and Walter Beeson, $5 apiece; Gabriel Martin, John Faramaschi and Henry Erickson, $2.50, and Charles O'Farrell, $2.

One of the first products from Denver's first iron foundry was a two-inch cannon, used to fight Indians.

Minimum Altitudes For Flights Set

United Air Lines has established minimum altitude over its entire system requiring pilots to maintain elevations of at least 2,000 feet above the ground, it was revealed yesterday by President W. A. Patterson.

The announcement disclosed that under the direction of F. E. Caldwell, superintendent of United's dispatch department, pilots fly the various divisions at minimums set forth in specific air logs covering each sector. Each pilot is required to record his path of flight in a log book that is inspected at the end of each trip to insure observance of the minimum regulation.

STOVE SETS GRASS FIRE

A grass fire which began when a gasoline stove exploded near Alameda de las Pulgas, just back of Graceland Park, was extinguished Wednesday by W. Stuttafoiel, who was using the stove in connection with construction of a new house, and the county fire department. Chief Deputy Ernest Werder answered an alarm turned in for the blaze by the San Carlos Fire Department.

A large percentage of hogs consigned for sale at large central markets are reshipped elsewhere for slaughter.

HENRY A. BEEGER APPOINTED TO R. C. PORT COMMISSION

Council in Special Meeting Also Considers Full-Time Recreation Post for City

Problems connected with the Redwood City Harbor and with city recreation occupied the city council Monday night at a meeting specially called during the afternoon primarily to appoint a successor on the Board of Port Commissioners to A. B. Cheatham, who resigned last week due to his health.

After accepting the resignation of Cheatham, now recovering in Palo Alto Hospital from a severe cold that threatened to develop into pneumonia, the council approved the appointment made by City Manager C. L. Dimmitt of Henry A. Beeger to the commission.

ON COUNTY PORT BOARD

Beeger, who lives at 83 Duane street, is a member of the now inactive county harbor commission. A native of Redwood City, Beeger has lived here all his life, and has long been in the public life of the city, having served on the council from 1923-34. He was mayor of the city from 1924-30. He is general manager of the Beeger Tanning Company.

Another matter considered pertaining to the port was the proposal of Mayor Paul A. McCarthy that a levy of 4 cents be made in the coming year's tax rate to provide approximately $5200 to begin purchase of additional lands adjacent to the port site. While no action was taken pending discussion of the coming fiscal year's budget, to be held next Monday at the council's regular meeting, councilmen decided to give consideration to the matter until then.

LEASES BEING PUSHED

In regard to the privately-owned harbor lands which the city council is attempting to lease with options to buy, City Atty. Albert Mansfield, into whose hands has been put the leasing task, reported that he was now endeavoring to secure approval of the owners to insert cancellation clauses in the leases on behalf of the city. One of the owners has already consented, Mansfield said. He and City Manager Dimmitt expressed hope others would agree to the proposal.

Mansfield's report was given after a letter had been read from the Board of Port Commissioners urging speed in the signing of leases on the lands, on which industry is expected to locate. The city desires control of the property as insurance against speculation, with possible loss of industry, on the holdings.

RECREATION NEED SEEN

In discussing the coming budget, a tentative draft of which has now been placed in the council's hands, Councilman James M. Eva urged that consideration be given to the proposal to employ a full-time recreational director for the City of Redwood City. Such a director would be in charge of recreation for youngsters on the city and school playgrounds and would supervise their play.

"Such supervision would serve to cut the juvenile crime rate in Redwood City," Eva declared.

Other councilmen seemed to share Eva's viewpoint, with the decision being reached to give the problem further consideration when the budget is adopted.

OTHER BUSINESS

Other business before the council at the two-hour session in the city hall included the granting of a permit for motion pictures to be shown Sunday night in Foresters' Hall as a benefit for the Spanish Red Cross, which aids the Loyalists; the filing of a letter of appreciation for the new city playground on Chestnut street at Middlefield, sent to the council by the East Redwood City Improvement Club; granting the city attorney authority to offer a price of $90 to J. F. Knapp on 1915 act bonds he holds, in lieu of acceptance of which the attorney was authorized to institute suit to secure the bonds; authorizing Councilman Eva, chairman of the council's 1915 act bond committee, to offer to buy bonds from other bondholders, in accordance with a recommendation of Stone & Youngberg, the city's fiscal agents.

SUICIDE TRY FAILS AS WOULD-BE VICTIM SLUMPS ONTO AUTO HORN

The moral to this tale is: If you want to oommit suicide, don't chose the bailiwick of Police Chief Fred Johnson Jr. of Belmont in which to try it. At least, that must be the idea possessed today by A. E. Lehmer of Lyon avenue, Belmont.

Early Sunday, assertedly for the second time in recent months, Lehmer attempted to end his life. This time he connected a garden hose to the exhause of his car, which he had parked in a field by the side of Lyon avenue, and sat in the front seat to await a painless carbon monoxide death.

But when unconsciousness came, Lehmer slumped onto the horn button on the steering wheel.

Nearby residents finally tired of the raucous tooting of the horn and telephoned Chief Johnson their complaints.

Johnson wearily but speedily donned his clothes and sped to the scene, prepared to give a lecture to someone on the propriety of disturbing the peace at 2 o'clock in the morning.

But instead, the chief, sizing up the situation, saved his lecture for later. Instead he dragged out Mr. Lehmer, administered artificial respiration, and soon had the unconscious man gasping for breath.

The officer then summoned the Layng & Tinney ambulance, and had the would-be suicide taken to Community Hospital, where attendants said today he was well on the way to recovery.

Johnson said it was the second time he had frustrated Lehmer's plans to end his life. Three months ago he was called to the Lehmer home after the man had taken poison, Johnson said. The chief on that occasion rammed his finger down Lehmer's throat, causing him to vomit. Lehmer then recovered.

Milk cows in the United States reached a five-year low of 25,040,000 at the beginning of this year but an increase is expected in the next three years.

MUSSELS QUARANTINED

Dr. Charles C. Gans, county director of health, on Wednesday warned that his office would enforce closely the provisions of a state order of quarantine on all mussels from the coastside. The quarantine was ordered by W. M. Dickie, state director of public health, in the interest of preservation of public health.

Releasing of the names of prize winners in Thursday's San Francisco Bridge Fiesta parade revealed today that Mrs. Maxwell McNutt of San Mateo, wife of the San Mateo county superior judge, was adjudged the best horsewoman in the line of march. She won the only first place captured by any San Mateo county entry.

Two Wills Bring Court Fight Here In $50,000 Estate

Administration of a large estate involved in a complex legal fight involving two wills assertedly left by Marie Antoinette Flynn of Daly City when she died January 21 was turned over Wednesday by contesting parties to Public Administrator William Crosby and his attorney, Burress Karmel, of Dist. Atty. Gilbert Ferrell's office.

John M. Pedersen and Charles L. Conte of San Francisco, beneficiaries under the two wills, agreed through their attorneys to have the public administrator conserve the estate pending outcome of Judge A. R. Cotton's decision as to which of the two wills is valid.

Atty. Russell Tyler, representing Conte, claims that the estate involved is worth $50,000. Other estimates have been as low as $1000.

The will leaving the estate to Pedersen was dated April 22, 1935, but had a codicil written October 1, 1936.

The other will, written in French, bore the date, March 27, 1936. Complicating the legal struggle over which will is valid is the fact that the codicil to the earlier will is written after the second will was composed. The battle over the wills will be continued Monday before Judge Cotton.

Attorney Tyler figured in sensational publicity when he represented Ann Cooper Hewitt, San Francisco heiress, in her sterilization suit against her mother.

Burlingame Stirred As Tree Is Felled

BURLINGAME, June 2—Removal of a giant eucalyptus tree from the state right-of-way on El Camino Real through Burlingame today aroused scores of residents who believed the state was carrying out its planned removal of 27 such trees despite protests from here and other nearby sections.

However, investigation revealed that although the tree being removed was one of the 27 slated for ultimate destruction, the removal was being done in order that a pipeline might be laid across the spot.

The removal was being conducted by a paving concern, not by the contractor who had submitted a bid to the state for the work.

Murphy, Pender Chief Contenders For Harbor Post

Redwood City's Board of Port Commissioners spent another three hours Tuesday considering the difficult task of appointing a manager for the new local harbor, then deferred final action till next Tuesday night, at which time Henry Beeger, appointed to the commission succeeding A. B. Cheatham, resigned, will be seated.

Beeger, named by City Manager C. L. Dimmitt to the commission on approval of the city council at the very moment the port board was meeting, sat in on deliberations of the harbor men Tuesday in order to become familiar with the situation.

Result of the deliberations was that the choice for manager now appears to rest between Walter F. Murphy of Burlingame, affiliated with the Patterson Shipping Company in San Francisco and previous to 1934 an operator of terminals in Tacoma, and Frank G. Pender of Vancouver, assistant manager there for two years of that city's municipal port, comparable in size and setup to the local development.

Jenkins' Assignees File Suit for $7379

Three assignees of former Treasurer Harry E. Jenkins filed suit against San Mateo county Tuesday, charging that the county is withholding $6379 in inheritance tax commissions which Jenkins has signed over to them.

The suit was the latest development in a long legal battle which once resulted in Dist. Atty. Gilbert Ferrell asking Atty. Gen. U. S. Webb for an opinion on the question. The opinion has never been given.

19 LOTS BRING $48,500

Sale of 19 lots in Stafford Park, Menlo Park, for approximately $48,500 was reported today by County Recorder T. Clark Rice. The property was purchased by the Bay City Investment Company from H. A. Frederick.

County's Fiesta Float First Prize Winner

San Mateo county's elaborate float won first prize in the San Francisco night parade of the Golden Gate Bridge Fiesta, it was announced Wednesday by Publicity Director William McCarthy.

Second prize for illuminated floats went to Lake county, with Mendocino county placing third.

Adrienne Sausset, blonde secretary of Dist. Atty. Gilbert Ferrell, sat enthroned on the county float, as it was "drawn" by streamers carried by a group of San Mateo Junior College Girls.

Itinerant Traffic Victim Identified As John Biggs

Identity of the itinerant who was killed Tuesday on El Camino Real opposite the California Golf Club at Baden was definitely established today by Deputy Coroner Silvio Nieri as John Biggs, 67.

Biggs, who at first was thought to be Edward J. Canney, was identified by two members of Baden's picturesque "jungle" fraternity, J. F. Carden and Bill Bowman.

"That's poor John," they said as one when they viewed the body.

Biggs was struck by a car operated by S. H. Cappler, 20, of Daly City. Cappler was questioned and released.

Veteran Firemen Association Elects

Members of the Veteran Firemen Association, organization of past and present firemen, enjoyed a banquet at Sodini's Tuesday prior to meeting in Firehouse Auritorium for their annual meeting at which directors for the coming year were elected as follows: C. E. Choate, A. W. Russell, A. S. Ligouri, L. M. Duncan, H. E. Holmquist, Lyle Winter and Harry Stevens.

Music—'Universal Language'—Discussed

Discussing the subject which he teaches at Sequoia high school—music, "the universal language of the world"—Otis M. Carrington Tuesday spoke to the Redwood City Exchange Club at its regular meeting, telling of what music has meant to various students and what it can mean to the average person.

"There is something in music for you. There is more enjoyment in music than you can get on the surface from just listening to it," he declared. "To read and to learn of it helps you enjoy it more."

Carrington, teacher in the local school for more than a quarter of a century, told of how an appreciation of music in students is developed and how an "ear" for music can be obtained. The principal way to do this, he explained, is by constant intent listening to music.

The instructor stressed the fact that at no time has music held other than a secondary place in the school life of Redwood City students.

Dr. Rollo LaBerge was chairman of the meeting, over which C. L. Stokes presided as president. More than a dozen entries were given Chairman W. W. Hendricks for the club's annual golf tournament at Sharp Park June 13.

There are 20 Hawaiian Islands. Nine are inhabited.

School Getting Ready for Long Summer Respite

With Friday set as the date for paying fines, books of Sequoia high school students were being examined and fines for damage beyond ordinary wear and tear assessed this week as one of the preliminary preparations for the closing of school on June 11 for the summer vacation.

Regular recitations will occur through Wednesday of next week for all but seniors, who are expected to complete their work this Friday. There will be classes for freshmen, sophomores and juniors on Thursday of next week so that pupils may hand in books, and on Friday, June 11, certificates of promotion will be given out in advisory class rooms.

The June 10 schedule of classes will allow 20 minutes for each class period, with school being dismissed at 11:15.

Pupils owing fines or money for lost books will not be given certificates of promotion until the money is paid, according to announcement of Principal A. C. Argo. For any adjustments after noon of June 11, students will receive their certificates from Miss Angelina Burns, advisor and librarian, by taking care of unpaid fines.

Seniors cannot be graduated until all fines are paid.

Students have been requested to empty lockers on Thursday morning, June 10. Lockers will be opened Thursday afternoon and contents confiscated.

ROCK TOSSER JAILED HERE

For throwing a rock through the window of the "400 Club" resort just north of Atherton, Charles L. Culross, 50, North Fair Oaks cook, began serving a five-day county jail term here Wednesday. Arrested by Deputy Sheriff Hugh Williams on charges of disturbing the peace, Culross was sentenced late yesterday by Justice of the Peace Edward I. McAuliffe.

$10,175 ASKED IN SUIT

Two Belmont residents, Mr. and Mrs. William Green, 955 Ralston boulevard, have filed suit here for $10,175 damages as the result of injuries suffered in Redwood City April 26 in a collision between their car and that driven by Mrs. Grace B. Waring of San Francisco. Flora F. Hill, owner of the second machine, was also named deefndant in the suit.

McNabb Remarried In Quiet L. A. Rites

William Maurice McNabb, prominent peninsula socialite, San Francisco banker and widower of Mrs. Ena Douglas McNabb of Menlo Park, who died in November 1935, figured in a surprise wedding late Tuesday in Los Angeles. McNabb dodged the ushers and bridesmaids that would have accompanied a brilliant society wedding anticipated in San Francisco during this month and was married quietly in the southern city to Dorothy Hopkins Phinney, related to half of San Francisco's ultra-exclusive society.

SUES OVER BOY'S HURTS

For injuries incurred when his 11-year-old son, Robert O'Brien was knocked from his bicycle, George O'Brien, prominent Atherton resident, has filed suit in superior court here for $10,059.50 damages. Defendants are Fred Becker, "Jane Doe" Becker and Frank S. Becker, all of Menlo Park. The accident occurred June 14, 1936, near the Laurel avenue home of the O'Briens.

A vehicle tunnel is to be constructed under the river Meuse in Holland at a cost of $7,500,000. It will have lanes for automobile traffic, bicyclists and pedestrians.

Students Get High Awards

At a special awards assembly this morning at Sequoia high school, 22 juniors and seniors were presented with the coveted gold medal Seal award, the highest honor a Sequoia student can attain.

Making presentation of the awards and appearing as guest speaker at the assembly was Jack Murphy of Los Altos, who as a Sequoia student several years ago inaugurated the Seal award and worked out requirements for the honor during his term as commissioner of boys' activities. Requirements include a "B" average in scholarship, a good personal record, 24 service points, approval of the student counsellor or dean, and attendance at Sequoia through six semesters. The service points must have been attained 12 in athletics or cultural activities, six in administrative and six in other fields.

Students receiving the awards were Gerene Allsberry, Donna Carrington, Ellen Brockman, Margaret Dompe, Lai Chuck, Jeanne Fahey, Herbert Frahm, Minnie Henderson, Dorothy Huntley, Harry Killpack, Robert Manning, Henry Martens Richard Muchmore, Dorothy Mulcady, Alfred Newman, Arthur Olsen, Genevieve Peddicord, Jean Shepherd, Takeshi Shiba, Lorraine Smith, Hannah Southward and Carol Woodhams.

Body of Woman Suicide Victim Found on Coast

The nude and badly decomposed body of Mrs. Grace Starner, 23, of San Francisco, who committed suicide at Thornton Beach May 15, was found at nearby Mori's Point on the San Mateo county coastside Wednesday.

The discovery was made by William Arrison of Berkeley, who was fishing on the coastside during his vacation which he was spending at Salada Beach. He retrieved the body from the surf.

Deputy Coroner Glenn L. Chapman, who went after the body, reported that it was nude except for one shoe and one stocking.

From this clothing, however, the body was identified by Ronald Starner of San Francisco, brother-in-law of the woman. Her estranged husband, Robert Starner, 32-year-old drug salesman, was reported to be in Sacramento.

Mrs. Starner, who was seen to walk into the surf by Nicholas Stang, who made a vain attempt to save her, left a note saying that she was "rotten to the core."

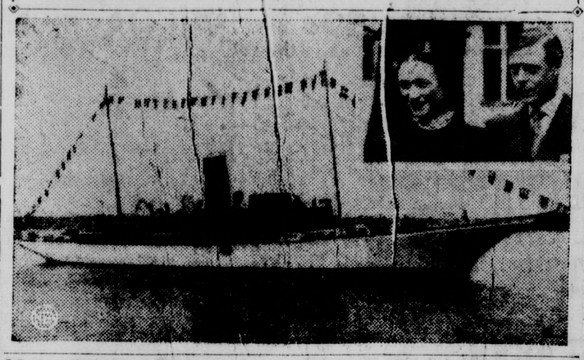
CRUISER READY IF WANTED

Should the Duke of Windsor and his bride, the former Wallis Warfield, shown in inset, decide to take a cruise as part of their honeymoon, the yacht Conqueror, shown here, the name almost a symbol of Edward's triumph at considerable cost in a battle of romance over royal tradition, will be waiting for them. The Conqueror, the property of Gordon Selfridge, London department store owner, would fly the duke's personal colors on the cruise. (See page 7 for artist's sketch of newlyweds).



Unionization Effected Of Cement Workers

Complete unionization of the local Pacific Portland Cement Company, whose more than 200 employes have formed local 760 of the San Mateo County Cement Mill Workers Union, affiliate of the American Federation of Labor, was announced Wednesday by A. G. Lang, plant superintendent.

He said that officials of the company and the negotiating committee representing the men would meet "within the next few days" to discuss working conditions. Unionization of the workers followed several weeks of meetings at which principal topic of discussion was whether to affiliate with the AFL or the Committee for Industrial Organization.

Nichols Estate Goes To Charity, Children

To charity and to her children will go the bulk of the large estate left by Mrs. Clara Nichols, widow of Bishop William Ford Nichols. She died May 19 in Burlingame when struck by a train.

Her will, filed for probate yesterday in San Francisco, disclosed that, besides large bequests to charity, much of her far in excess of $10,000 estate will go to her three children, John W. and William Morse Nichols and Mrs. Margaret N. Clark, Hillsborough wife of Edward H. Clark, vice president of the American Trust Company.

Eight cases of mumps were reported from North Palo Alto, while five cases of chicken pox were cited in the rural areas near here.

Port Advertising Fund of $5,000 Sought of City

A request for a possible $5000 annual increase in the city advertising budget for the exclusive purpose of publicizing Redwood City Harbor will be asked by the Board of Directors of the Redwood City Chamber of Commerce and members of the port commission before the city council next Monday night.

Assurance of such action came following a meeting of the directors with Port Commission Pres. E. B. Hinman in the chamber offices Tuesday.

Hinman urged that the chamber of commerce work directly with the port commission and pointed out the responsibility the chamber has in the development of the harbor, which is expected to open within three months.

In addition, an industrial commission composed of probably five members, to be a functioning part of the chamber, and an extensive circular campaign were suggested by Hinman.

"The chamber of commerce is a better judge of public opinion than we on the port commission," Hinman said, "and as such it would act more efficiently in handling matters of advertising as well as to give advice to the commission as to how the public is reacting and on state legislative matters."

Hinman also advocated that those merchants not now members be included in order to enlarge the organization.

El Camino Real widening, Christmas lights and other matters also were discussed by the chamber, which took no further action.

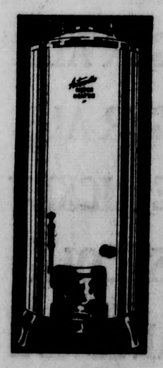
Stop Striking Matches . . .
and waiting for water to heat

Use a Modern Automatic Gas
WATER HEATER

OF COURSE it isn't the mere striking of matches that makes the old-fashioned tank type of water heater such a nuisance. It is because someone always has to light the heater. It is because someone always has to wait for the water to heat. Someone has always to remember to turn off the water heater.

With an Automatic Gas water heater all this is different. You turn on hot water at the faucet. You learn to take its service for granted, a part of the modern living you enjoy. The first month of service is always a revelation; you wonder how you ever put up with any other kind of hot water service in your home.

For only an Automatic keeps an abundant supply of water stored hot ready for service at the turn of a faucet. There is no starting or stopping for anyone to remember. It is quiet, dependable, absolutely carefree. And all this for less cost per gallon of hot water than you pay for your present unsatisfactory hot water service.



Judge this automatic service of hot water in your home for yourself; go and see the new Automatic Gas water heaters on display in the nearest P. G. and E. office or at your dealer's store.

FAT?
Lose 5 lbs. a week Safely or No Pay
If you are overweight and flabby, you can lose weight amazingly easy. There is no need to punish yourself with backbreaking exercise — no need to starve yourself and deny your body the foods you need for health.
Reduce by this DRUGLESS method
Thousands of women are getting back to normal weight easily and quickly by using WATE-OFF, a harmless food compound (no salts, no dinitrophenol, no drugs, no harmful laxatives). WATE-OFF is composed of vegetable and herbal ingredients that neutralize the body acids — thus preventing accumulation of fat. The instructions say: Take WATE-OFF before meals, then eat your hearty fill. "Results," users say, "are simply amazing." A tablet taken 4 times a day will cause unsightly pounds to melt away like magic — leaving no saggy, flabby or broken down tissue. WATE-OFF was advertised to millions in Pictorial Review, Physical Culture and other leading magazines at $2.45 per treatment. However, if you act now we offer you a full sized introductory treatment at only $1.19. Don't forget, if you are not satisfied with the results, simply return the empty carton and we will return your money.
